Introducing Spectra, superior telephone headsets for the way you work!
Headsets designed for comfort, clarity and durability! All units FCC, CE
approved and come with a 2-year warranty.

DH017TFN

- Noise canceling microphone
- Monaural design
- Click stop headband
- Exceptional receive bandwidth
- Works as direct connect (cord included) or with the amplifier indicated below

DAX275 Universal Amplifier Includes:

- Tone control for TX/RX
- Recorder output
- Battery save feature
- And so much more!

Receive characteristics

Impedance	150 Ohm
Sensitivity	91dB +/- 3dB at 1Khz 60mV Input
Frequency range	300Hz – 5Khz
Distortion	Less than 3% at 1Khz 60mV

Transmit characteristics

Impedance	2.2k Ohm
Sensitivity	-35dB +/- 3dB
Frequency range	250Hz – 5Khz +/- 6dB
Distortion	Less than 3%
